

Alysha Stoppler

4-H Member | Next Step 4-H Club

Hi everyone, my name is Alysha Stoppler. I grew up on the family farm located in Montmartre Saskatchewan, I farm with my parents and sibling. We have a mixed farming operation of grain and beef cattle. The past seven years I have been a member of the Candiac 4-H Beef Club. My roles during my time involved with Candiac 4-H Beef Club consisted of being club reporter and club treasurer. Currently I am a member of The Next Step 4-H Club. My role in the Next Step Club is the secretary position. Throughout my 4-H career I have enjoyed making new friends, create and maintain connections with companies and livestock producers. I have improved my public speaking, made sure to include members of all ages while completing one on one or group mini demo days all while being a part of a great organization. I believe the 4H organization encourages youth to be involved within the agriculture industry.

Having a background of being involved in the agriculture industry, from a small town, and being a part of the 4-H organization for the past ten years has allowed me to start to network around my area. My work experience has allowed myself to gain organizational skills, experience working as an individual as well as in a team environment, communicate with my employer, fellow employees, and the public. I am determined to work hard to complete the task and challenge correctly and in a timely manner. I am always open to having discussions one on one or in a team setting to see where I can improve. In conclusion I would be very honoured to hold a position as a member delegate on the Board of Directors. I look forward to promoting the opportunities 4-H can offer youth.
