District #3/4 Report

Presented by Sharon Condie, General Leader for Val Marie and Assistant Leader for Aneroid

We have 4 clubs in our district:

- Aneroid Multiple
- Mankota Beef
- Val Marie Light Horse
- Wood River Light Horse.

We have 61 current members in our district.

Our clubs are very busy working on their separate projects.

Wood River Light Horse:

Has 10 members and holds regular meetings every two weeks with most of them being riding meetings. They are planning on having a few clinics for their members in the next couple of months to strengthen their riding abilities. As well they are planning a gymkhana day for late May which will be open to fellow 4-H members as well as anyone interested to join them. Their achievement day will take place at the beginning of June. Since many of their members have joined local jackpot and rodeos, they have decided to wear their club shirts with the 4-H crests over their hearts at these events. At reining and horse shows, the club members are expected to wear their club shirts to and from the events and between the various shows. This allows the members to show their 4-H pride in their club.

Val Marie Light Horse:

Has 13 members and have started their 4-H year doing projects to use with their horses. We did a beading class with a local talented bead artist and she showed our members how to bead a nose band for their freshly braided mule tape halters that were made during another 4-H meeting. Other members of the club also did leather work projects and covered their record books with material. We are currently doing info meetings learning about our horses, tack, safety, health and wellness and we will start riding in April. We have some clinics lined up to take place later in the spring and summer, as well as our yearly jumping clinic and riding derby. Our achievement day is planned to happen in October.

The quilting club has already finished their first quilt and a second one is just getting cut. Photography is turning to learn about portraits as it is grad season and our members may be called upon to take some pics of their friends or relatives. Cricut has done t-shirts and sweaters with iron on, glass etching and wood burning, next project will get the members geared up for summer with designing their own beach tote bag. The welding project has only had a one meeting, but they are hoping to get into the shop in the near future to work on a project or two. Our achievement day is planned for the end of June.

District #22 Report

Our District has eight clubs, the majority of our clubs are “multiple” clubs with members doing projects such as archery, sewing, knitting, canoeing, poultry, photography, outdoor living, canine and more! Three clubs are only doing one project each and they consist of light horse and beef.

Our members enjoy going to different events and competitions through-out the year. Striving to show-case what they have learned and to improve each year. Many of our members achieved successes.

Our district public speaking was originally set for March 3rd but was moved to March 10th due to a snow storm, it had a great turn out and some great speeches moved on to Regionals.

“Dare to Judge” was held in February and was a great success. We look forward to having this event again next year and having an even larger member turn out!

District 22 upped their registration fee this year so that the clubs do not have to do mandatory fundraisers.

Our District will again be offering two scholarships to two deserving members in our district. Each year we try to offer a scholarship to help offset the cost of post-secondary school.

Some of our clubs host different events for their own fundraising. C.C Ryders does a “fish pond” at a number of different events, Sunset Rangers will be hosting their annual fundraiser in April again this year, called the “Aberdeen Small and Exotic animal sale”, and Old Bone Trail will be hosting a “Petting Zoo” at the Lawson Mall as well as they sell coupon books.

District #12 Report Presented by Mandi Foster, District #12

South East Can't Be Beat!!!! (I guess that will have to change for next year).

District 12 is currently comprised of the following clubs: Springside 4-H Beef Club, and Hilltop 4-H Club. Hilltop just got back into the 4-H swing of things last month.

Springside 4-H Beef Club has 22 registered members: 3 Cloverbuds, 10 Juniors, 7 Intermediates and 2 Seniors. There are 6 leaders and 4 screened volunteers. The club offers the beef project and meets once a month for general meetings.

Hilltop 4-H Club has 5 registered members and 3 leaders. Projects they are exploring - woodworking, babysitting, and cooking.

District 12 was off to a shaky start at the beginning of the 4-H year, and we haven't had a district meeting since March of 2023. Not much has been happening in the District events category this year, as Springside was the only club competing in curling and public speaking so far. Next year, we are all looking forward to MORE - more members, more events, more friendly competition.

District 12 generally met a minimum of twice a year, fall and spring. When the district needed to raise money, they would institute a district fee per member (last cost was \$8 per member) - but that hasn't been done for some time now. District 12 did not host any regional or provincial events for the 2023-2024 season.

Shout out to all the Districts hosting Regional and Provincial events. We thank-you for all your time and energy - and whenever our members have a chance to attend, they come away happy.

Thank-you and have a great 2024 AGM

District 26 had 2 teams advance onto Provincial Curling that was held in Prince Albert this past February. Tisdale Juniors played well but didn't place, and the Tisdale Senior team placed 3rd.

We have met 2 times this 4-H year so far, once in the fall and once in March and do plan to meet once more this year. At our first meeting the Executive was voted in and goes as follows:

President: Sandra Hessdorfer

Vice President: Corbin Hessdorfer

Secretary: Karen Pitzel

Treasurer: Heidi Kolla

Cudworth Black Velvet Light Horse Club hosted District Public Speaking this year and originally booked it for March 3rd, however due to the winter storm we had to postpone it to March 10th. The members did a fantastic job and we are very proud of them all. We usually do our fundraising through regional events that we host and through sponsorships for our District and are not scheduled to host any this 4-H year.

We are excited to see how the 4-H year progresses and how the 4-H members do with their 4-H projects.
